A WORD WITH MR. ERNST

This is a new form in which we have placed our offerings of the best quality of Fruits, Trees, Shrubs, Vines and Seeds. The list is complete and our friends will find within this condensed form the best selections to be found in these lines. Our terms are the same as any standard nursery and our guarantee as broad and inclusive. The continued and long success of this nursery has been based upon a thorough knowledge of the business gained from work in the field since childhood, and a determination to give service to our patrons. And to this combination we invite you to give your orders and confidence, and at prices materially lower than can elsewhere be obtained.

SOME POPULAR SPECIMENS OF OUR ROSE FAMILY

**HARDY HYBRID—NOT EVERBLOOMING**
50 cents each, except where noted.

**BLACK PRINCE**—It is much sought after because of its dark crimson flowers which are shaded dark.

**FRAU ERL DRECHSLE**—Grand white rose. A vigorous grower, immense in size and of purest white.

**GENERAL JACQUEMINOT**—One of the popular reds.

**MRS. JOHN LAING**—Soft pink, of beautiful form.

**PAUL NEYRON**— Said to be the largest rose in cultivation. Flowers of immense size, bright clear pink, fragrant.

**PERUVIAN YELLOW**—Flowers double and deep golden yellow.

**ROSA RUGOSA**— The popular hedging rose. Crimson flowers.

**CRESTED MOSS**— Pink flowers and beautifully mounded.

**CLIMBING ROSES**

**CLIMBING AMERICAN BEAUTY**— Height 10 to 15 feet.

**CRIMSON RAMBLER**— Produces marvelous profusion of rich and glowing crimson flowers in large clusters during June.

**DOUGHTY FERNS**—Flowers are borne in large clusters.

**EXCELSA** (Red Dorothy Perkin)—Budded cluster rose.

**FLOWER OF FAIRFIELD** (Everblooming Crimson Ramble)— Similar to Crimson Rambler, except flowers until frost.

**TAUROXCHON** (Thousand Beants)—Hardy and strong.

**WHITE DOROTHY PERKINS**—Same type as its sister.

**YELLOW RAMBLER**— Flowers deep, golden yellow; fragrant.

**PURPLE RAMBLER**— A rampant grower, covering large spaces in a single season. Flowers are borne in loose clusters.

**CLIMBING PILBARA**—Very early. Flowers are large, showy.

**DR. VAN HIJERT**— Flowers when open run 4 inches in diameter. Center is built up, petals undulated.

**SILVER MOON**— Flowers are single, extra large and freely produced on long, strong stems; fine for cutting.

**DWARF EVERBLOOMING RAMBLERS**

**PINK BABY RAMBLER**— Original Baby Rambler, dwarf; grows 18 inches tall, blooms all the time.

**WHITE BABY RAMBLER**— Its pure white flowers are perfectly double and bloom with great profusion.

**RED BABY RAMBLER**— Wonderfully persistent as a hedge, blooms early and one of the choicest plants in cultivation; rose, double and very fragrant. Constant bloomer.

**COLONIALIA** (H. T.)— A vigorous grower, of a true pink shade, deepening as it opens to glowing pink. Color is enduring.

**LOS ANGELES** (H. T.)—This rose is by all odds, one of the finest ever introduced. Growth vigorous; produces long stemmed flowers. 75c.

**GRUS AN TEFLITE**— Dark, rich crimson, passing to fiery red.

**PINK KILLARNEY**— Brilliant imperial pink, sparkling; large size.

**LA FRANCE**—Silvery pink; exceedingly sweet and handsome.

**PRESIDENT TAFT**— Deep pink. A fine grower, free bloomer.

**SUNBURST**—Orange-copper or golden yellow. Long pointed buds.

**TEA ROSES—EVERBLOOMING**

**NEED PROTECTION IN WINTER**

**MAMAN COCHET**— Light pink, shaded salmon-yellow; outer petals suffused with bright rose. Extremely large and full.

**OPIEPLA**— Salmon flesh, shaded rose. One of the most beautiful and popular sorts for cut flower favorites.

**PAPA GONTIER**— Rose red. A large, sweet flower; full.

**YELLOW COCHET**— One of the very best everblooming yellow roses. It is ideal for open ground culture; graceful.

**SOLEIL D'OR**— This unique rose is beautiful in the extreme. A blending of rich red, orange-yellow, and pink.

**WHITE NERINE COCHET**— A splendid rose; has all the good qualities of Pink Maman Cochet, but is pure snow-white, with outside petals tipped pink in the autumn; large and fragrant, hardy and productive.

**HYBRID TEA ROSES**

These Are Everblooming Roses

**BURBANK**— Cherry red and highly prized by many.

**COLONIALIA** (H. T.)— A vigorous grower, of a true pink shade, deepening as it opens to glowing pink. Color is enduring.

**LOS ANGELES** (H. T.)— This rose is by all odds, one of the finest ever introduced. Growth vigorous; produces long stemmed flowers. 75c.

**GRUS AN TEFLITE**— Dark, rich crimson, passing to fiery red.

**PINK KILLARNEY**— Brilliant imperial pink, sparkling; large size.

**LA FRANCE**—Silvery pink; exceedingly sweet and handsome.

**PRESIDENT TAFT**— Deep pink. A fine grower, free bloomer.

**SUNBURST**—Orange-copper or golden yellow. Long pointed buds.
Shrubs can be planted spring or fall, each season having its advocates. A certain amount of pruning is necessary and before plating the tops should be cut back so that it will not demand more nourishment than the roots can supply, until they have become attached to their new environment, but as far as possible this should be done to preserve their natural beauty. There is no home or farm in the whole country which cannot be improved in appearance and enhanced in value by the planting of appropriate shrubs and plants.

ALMOND—Double White and Double Pink. Early spring. Blooms all summer. 3 feet, bushy, compact. Double flowers of rose and white, 75c each.

ALTHEA—Double rose, white, purple, pink and red. Grows wild. Make serviceable and showy hedges. Large bright colored flowers. 50c each.

PORSYTHIA (Golden Bell), Fortuina—Upright, hardy, vigorous; large bright yellow flowers, 50c each.

PORSYTHIA, Suspensa—Highly ornamental, tree flowering shrub, grows to 5 ft., branches often drop to the ground. Golden yellow petals, 50c each.

PORSYTHIA, Leucodendron—White flowers, dense clusters of white flowers, 3 ft., 50c each.

FLOWERING CRAB, (Becker’s Double) Low bush. Stems covered with dainty pink pink roses. Blooms rich red. 2 ft., $1.25 each.

FLOWERING CRAB, Prunus Plascardi (Purple Leaved Plum)—Handsome little white, white single flowers in the spring, light purple leaves. 3 to 4 ft., 81c each.

FLOWERING CRAB, Trioba (Double)—Grows to 4 ft. spreading growth, plain blossoms. 2 to 3 ft., 81c each.

PHILADELPHUS, Corosorus (Mock Orange)—Popular large double white, 75c each.

PHILADELPHUS, Aurea (Golden Mock Orange)—Similar to above except the foliage is a beautiful golden color. 75c each.

PHILADELPHUS, Grandiflora—Vigorous upright variety with large flowers in June, grows rapidly. 50c each.

RED BUD, (Judas Tree)—Small growing tree, heart-shaped leaves, delicate pink blossoms in spring. Makes fine ornamental tree. 50c each.

RHUS, Armonica or Sweet Sumar—Spreading shrub, yellow yellow flowers, thick fragrant foliage, 50c each.

RHUS, Benzoinum—Small with aromatic bark. Delicate pink blossoms in June, 50c each.

RHUS, Benzoa—Hardy, white, fragrant, spreading dark narrow foliage; pink cone-shaped flowers. 50c each.

RUSSELLIA, (Orchid Wreath)—Hardest of double Spireas. Small, double white flowers, giving a plume-like effect. 50c each. 15c per dozen.

SERRATIUM, (Pine Prince)—Unique, spreading tree, large leaves; mint-like flowers, having the appearance of smoke. 75c each.

SPIRANTEX, Aurea—Upright grower with bright yellow foliage. Very striking variety. 50c each.

SPIRANTEX, Anthony Waterer—Bushy, spreading dwarf, is covered with crimson flowers July-Aug. 50c each.

SPIRANTEX, Billard—Narrow, dense shrub, 6 ft. high, rich pink flowers July-Aug. and in fall. 35c each.

SPIRANTEX, Bousdale—Dwarf but vigorous, spreading dark narrow foliage; pink cone-shaped flowers. 50c each.

SPIRANTEX, Profundal—(Japanese Spirea)—Hardest of all Spireas. Small, double white flowers, giving a plume-like effect. 50c each. 15c per dozen.

SPIRANTEX, Reversi—Handsome shrub, narrow foliage, pure white large flowers. 50c each.

SPIRANTEX, Thunbergi—Hedge, puffy bush; foliage yellowish green; flowers pure white. 50c each.

SPIRANTEX, Van Heutel—Finest ornamental shrub, covered with a mass of pure white flowers in spring, with branches bending to the ground. Much used for hedges. 50c each. 10 for $2.50 per 100. 3, 5 ft. 1.50 each.

SPIRANTEX, Golden Elder—Handsome variety with golden yellow flowers. Grows naturally to 10 to 15 ft. Can be pruned to small bush. 50c each.

SPIREAS, (Japanese—Of delicate beauty; very fragrant in spring; perfectly hardy. Colors red, white and purple. 75c each.

TANAXIS, (Japanese—Tall shrub, 8 to 10 ft.; Use for hedge foliage. Likes Japanese Whisper. Grows well in Nov. and March, will bloom in April and May. Splendid for dappled places. 50c each.

TANAXIS, (Japanese—Tall, vigorous shrub with deep pink flowers. 50c each.

TANAXIS, Variegata—Next dwarf habit with pink flowers, variegated leaves, margined with creamy white. Most useful for variegated leaved shrub. 50c each.

TANAXIS, Pro Rathbone—(Gray Mist) Dense, upright branching variety; bright crimson flowers. Blooms all summer. 75c each.

WITCH HAZEL, Virginia—Hardy ornamental shrub, does not demand much care. Leaves yellow in spring. 25c each.

WITCH HAZEL, (Japan)—White flowers. 50c each.

WINDMILL, Prunifolia—Spruces—Invaluable for pruning when hardy any other shrub does. 75c each.

VIOLET—Well known common snowbell, mass of white flowers in spring, with branches bending to the ground. Much used for hedges. 50c each. 10 for $2.50 per 100. 3, 5 ft. 1.50 each.

VIOLET, (Bush) Violet—Bushy, spreading dwarf, is covered with crimson flowers July-Aug. 50c each.

VIOLET, (Japanese)—Handsome leaved shrub. Grows well in Nov. and March, will bloom in April and May. Splendid for dappled places. 50c each.

VIOLET, (Japan)—Prunifolia—Spruces—Invaluable for pruning when hardy any other shrub does. 75c each.

WHITK HAZEL, Virginia—Hardy ornamental shrub, does not demand much care. Leaves yellow in spring. 25c each.

WINDMILL, Prunifolia—Spruces—Invaluable for pruning when hardy any other shrub does. 75c each.
The beauty of grounds that are planted with taste and given proper care appeal
to most people, yet many fail to discover that they can make their home equally
beautiful. They have perhaps tried planting a few shrubs or roses in a thick turf
and without giving attention to either cultivation or pruning, have wondered at
their lack of success. Beautiful surroundings need not appeal to our taste for the
beautiful only, but from a commercial standpoint, beautifying the home greatly
adds to its value. Let your slogan be "Plant More Trees This Year."

**NUT TREES**

Every farm contains some land that should be planted to nut trees. Nut trees are very ornamental as well as valuable for their crops of nuts. The lumber obtained from these stately trees is in great demand and as a result the prices always head the market.

**CHESTNUT, American Sweet—**Valuable native tree, useful and ornamental. Timber very durable and fine grain. Nuts are sweet, of delicate flavor. 6 to 8 feet, $1.50 each.

**FILBERT (Hazelnut)—**Easiest of culture, growing to 8 feet, hardy, profitable and satisfactory nuts to grow, excelling in all kinds of soil, bearing early and abun-
dantly. Nuts nearly round, rich and of excellent flavor. 2 to 3 feet, 75c each.

**HICKORY, Shelled—**White and shell thinner than any other. Also valuable for timber. 2 to 3 feet, $1.50 each.

**PECAN—**The tree is of tall growth and bears abundantly. Shell very thin, kernel sweet and delicious. 2 to 3 feet, 75c each.

**WALNUT, English—**A fine, lofty growing tree, with handsome, spreading head. Produces large crops of thin shell, delicious kernels. 3 to 4 feet, $1.50 each.

**WALNUT, White (Butternut)—**A fine native tree, producing a large longish nut prized for its sweet, oily, nutritious kernel. 6 to 8 feet, $1.00 each.

**MAPOPLE, Sulf or Silver Leaved—**Rich growing tree, large size, irregular, rounded form; foliage bright green above and silver beneath. 8 to 10 feet, $1.60; 10 to 12 feet, $1.50.

**MAPLE, Schiedleri (Purple Leaved)—**The purple Norway Maple's leaves attract attention at all sea-
sons, especially fine in the spring, when their glowing red and purple contrasts brightly with the delicate green of other trees. 8 to 10 feet, $3.00; 10 to 12 feet, $4.00.

**MOUNTAIN ASH—**Hardy tree. Head dense and regular; beautiful, fern-like, green foliage; covered from July till winter with clusters of bright red berries. 8 to 10 feet, $1.50.

**OAK, Red—**A large tree. Unusually large in leaf and quick in growth. The young shoots and leaf stems are red, the foliage purplish crimson in autumn. A beautiful object on the lawn. 6 to 10 feet, $2.50.

**POPULAR, Carolina—**Pyramidal in form and vigorous in growth. Leaves large, glossy, pale to deep green. 6 to 8 feet, 50c; 8 to 10 feet, 75c. Plant 10 to 12 feet, $1.00.

**POPLAR, Lombardy—**Remarkable for its picturesque, tall, spiral-like form. Useful in landscape effect and forms striking lawn groups. 6 to 8 feet, 50c; 8 to 10 feet, 75c; 10 to 12 feet, $1.00.

**TULIP TREE—**One of the grandest of our native trees. Of tall, pyramidal habit, with broad, glossy, fiddle-shaped leaves. 6 to 8 feet, $1.00; 8 to 10 feet, $1.40.

**WEPPING TREES**

Much attention is now given to this class of trees and we place them separately for the convenience of our patrons. The superior grace and beauty of the weeping varieties render them especially adapted to the yard, lawn or cemetery. No collection is complete without them. Among ornamentals they have no superior.

**BIRCH, Cut-leaf Weeping—**Undoubtedly one of the most picturesque and of all weeping or pendulous trees, a tall and slender, graceful, drooping branches, silver-white bark, delicately cut foliage; it makes attractive avenue. Vigor-
ous, 6 to 8 feet, $2.50; 10 to 15 feet, $3.50.

**MULBERRY, Tea’s Weeping Russian—**One of the finest and most graceful weeping trees, forming an umbrella-shaped head with slender, willowy branches drooping to the ground. Foliage is beautiful, leaves distinctly lobed. Tree particularly hardy, enduring the severe cold of the north and extreme heat of the South. Very desirable. More popular than all other weeping trees combined. 6 to 8 feet, $2.50 each.

**WILLLOW, Babylonica—**A well known and most graceful tree of large size. Its fresh, bright green tint and long, weeping branches make it very attractive for planting by streams and ponds. 8 to 10 feet, $1.00 each.
ASPARAGUS
52.—This is the earliest and most delicious of spring vegetables. 10c per bunch.

BEETS
